Vehicle Wash Friction Lubricant Neutral pH

Description

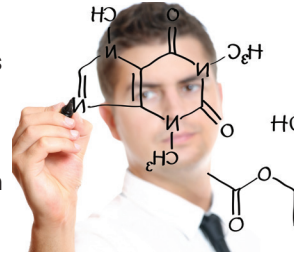

A Neutral pH detergent used as a friction lubricant for brushes and mitter curtains. Contains cleaning surfactants for improved cleaning.

Features

- Economical
- Versatile
- Free Rinsing
- Environmentally Desirable (Eco Friendly)
- Saves time and labor

Benefits

- At dilutions never before seen in the industry, washing up to 10X more trucks per gallon than most of the competitors products.
- Can be applied with high-pressure, in hot or cold water. For best results, blend with treated water. Always rinse with water.
- Cleans effectively, eliminates secondary manual brushing.
- Reclaim Compatible

Applications

An excellent, economical vehicle wash formulated for neutral friction lubricity. Highly effective painted surfaces. Recommend to use air injection to boost foaming. Must be removed with medium or high-pressure water.

Types of Operations

- Vehicle Washing
