Low pH Cement Truck Pre-soak

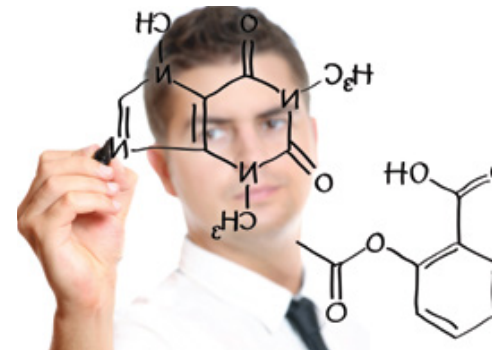

Description

An Ultra Concentrated liquid low pH Safe Acid concrete remover formulated to remove concrete build up on cement trucks, road film and bug residues from painted/ plastic vehicle surfaces (including aluminum and other metal equipment). Contains a patented corrosion inhibitor package and our Safe synthetic acid that functions like Hydrochloric acid but without the immediate hazards. Performs well in both treated and hard water. Completely biodegradable and phosphate-free.

- Modified to Dramatically Reduce Dermal Sensitivity
- Reduced Odor
- Nearly Eliminated Fuming
- Anti-Corrosive

Applications

An excellent, economical cement truck wash formulated for low, and high-pressure applications. Highly effective on concrete build up, road film, and bug residue. Recommend to use air injection to boost foaming ability. Allow 10-15 seconds of dwell time. Must be removed with high-pressure water.
