Neutral pH Pressure Washer Soap

Description

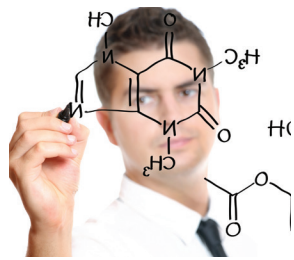

An Ultra Concentrated neutral pH liquid pressure washer soap formulated for direct injection or foam cannons. Contains heavy-duty cleaning surfactants effective on road film, exhaust deposits and grease in one application. Produces copious amounts of foam in both treated and hard water. Completely biodegradable and phosphate-free, safe on all vehicle surfaces.

Features

- Economical
- Versatile
- Free Rinsing
- Environmentally Desirable (Eco Friendly)
- Saves time and labor

Benefits

- At dilutions never before seen in the industry, washing up to 10X more trucks per gallon than most of the competitors products.
- Can be applied with high-pressure, in hot or cold water. For best results, blend with treated water. Always rinse with water.
- Biodegradable detergents rinse freely and completely to help eliminate streaking.
- Cleans effectively, eliminates secondary manual brushing.
- Reclaim Compatible

Applications

An excellent, economical industrial neutral pH soap formulated for high-pressure applications. Highly effective on exhaust deposits, road film, and bug residue. Allow 30-45 seconds of dwell time. Recommended to be applied after low pH pre-soak in touch-free applications. Must be removed with high-pressure water.

Types of Operations

- Fleet Truck/Bus Washing Services
- Truck Leasing Dealers
- Truck Washes
- Train Washes

Type of Equipment

- Pressure Washer Systems

Water Types

- Revers Osmosis Water
- Natural Water (City or Well)
- Soft Water
