Neutral pH Vehicle Wash

Description

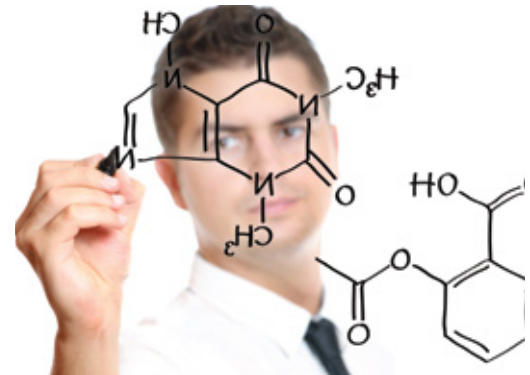

An Ultra concentrated, high-foaming Neutral pH liquid detergent, formulated for brush and hand wash commercial Truck Wash Facilities. Produces copious amounts of foam to ensure high lubricity. Effectively removes road film, winter salt deposits and heavy soil. Performs well in both treated and hard water, safe for all vehicle finishes including paint and plastic. Contains a blend of heavy-duty cleaning surfactants, foam boosters and water-soluble lubricants. Completely biodegradable and phosphate-free.

Features

- Economical
- Versatile
- Free Rinsing
- Environmental Desirable (Eco Friendly)
- Saves time and labor

Benefits

- At dilutions never before seen in the industry, washing up to 10x more vehicles per gallon than most of the competitors products.
- Can be applied manually or with high-pressure, in hot or cold water. For best result, blend with treated water. Always rinse with water.
- Biodegradable detergents rinse freely and completely to help eliminate streaking.
- Cleans effectively, eliminates secondary manual brushing.

Applications

An excellent, economical cement truck wash formulated for low, and high-pressure applications. Highly effective on exhaust deposits, road film, and bug residue. Recommended to be applied after low pH pre-soak in touch-free applications. Must be removed with high-pressure water. Also to be used for friction lubricant.
