

OMNI
SOLUTIONS
 GLOBAL LEADER IN UV TECHNOLOGY

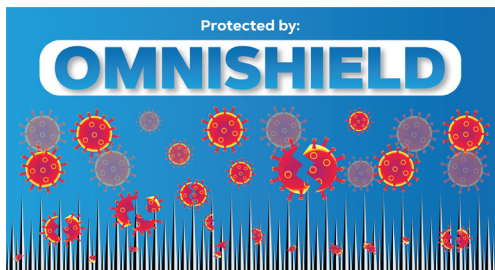

DESCRIPTION

OmniShield is the ONLY EPA registered product available on the market today that can provide up to 90-Days of continuous protection from viruses, bacteria, molds and funguses after just a single application.

EPA Registration No. 75174-8-93170

FEATURES & BENEFITS

- Shield is 100% Non-Toxic
- Safe to apply anywhere
- Safe for humans and animals
- Food surface safe
- Environmentally safe
- No runoff or leaching
- Non-corrosive, odorless, water-based
- 90-Day Protection
- Effective against bacteria, virus including the human corona virus, fungus, mold
- Withstands daily cleaning & disinfecting process
- Stays on clothing & linen over 100 wash cycles with all four chemicals
- Protects staff, patients, family
- Protects against persons who are asymptomatic
- Once applied, only possible to spread infection by physical contact or respiratory droplets

APPROVALS & VERIFICATION

- Rigorous independent testing
- Registered with the EPA
- EPA registered virus and bacteria claims (only Shield can claim and prove)
- Approved for use in food preparation
- Tested successfully against coronavirus
- Multiple independent laboratory tests
- All tests show significant reduction in microbes up to 99.99%

HOW DOES IT WORK?

- Two-part molecule
- Bottom is a bed of "super suction cups", adheres to any surface
- Top is a "bed of nails", positively charged, drawing microbes in
- Punctures and destroys any microbe landing on surface
- Following the "kill", surface is ready for next microbe

PROVEN EFFICACY

- Residual Efficacy – Unlike disinfectants efficacy remains for a long period of time
- Microbes cannot become resistant to Shield as they can with popular disinfectants
- Active ingredient kills coronaviruses, MRSA, C. diff, Staph, E. Coli
- Destroys enveloped and non-enveloped RNA (coronavirus) and DNA virus

ADDITIONAL INFORMATION
